Restart after a breakdown in Selective section and beyond MPL

Any crew which has failed to complete a Stage/Leg will be allowed to re-start the event from the start of the next Stage/Leg subject to re scrutiny prior to the restart.

The penalty will be 60 minutes plus the time of the slowest crew in that selective section for every selective section missed.

Any failure to respect the texts of these regulations for which the penalties are not mentioned will be recorded in the Clerk of the Course report, and the panel of Stewards will decide what penalty to impose. Where there is a difference between the text of an article and the table, the text of the article takes precedence.

11.11.2 Maximum Permitted Lateness (MPL)

The Maximum Permitted Lateness for each Selective section will be 30 Minutes and for a leg will be 60 minutes. Any change shall be communicated by a CIB.

When the running of a selective section is definitively stopped or interrupted for one or more competitors the clerk of the course may allocate each competitor affected a time which is judged the fairest using all means at his disposal (e.g. GPS, Passage Control times, tracking system etc.). This time can also be the slowest time set before the interruption.

This classification may be drawn up even if only one crew was able to cover the route in normal racing conditions.

Should the worst time actually set to be considered abnormal, a suitable reference time (Scratch Time) may be considered.

Lastly, any crew which is responsible or partly responsible for the stopping of the race cannot, under any circumstances, benefit from this measure. It will be given the time which it eventually sets provided that this time is greater than the scratch time awarded to the other crews.

SELECTIVE SECTIONS ARE RUN ON SECTIONS OF 'ROAD' OPEN TO THE PUBLIC. THE GREATEST CARE IS RECOMMENDED IN RELATION TO OTHER EVENTUAL USERS.

11.11.4 Classifications

The clerk of the course bears the responsibility for time-keeping.

Penalties shall be expressed in hours, minutes and seconds. The final results shall be determined by adding the times obtained in the Selective Sections, Sporting, Supervisory and other penalties (incurred during the Road Sections and other penalties expressed in time).

The crew which achieves the least total is proclaimed the winner in the general classification; the next one is second, and so on. Classifications by group and category are drawn up in the same way.

In the event of a dead heat, the crew which accomplished the best time for the first Selective Section will be proclaimed the winner. If this is not enough to determine the winner, the times of the second, third, fourth, etc. selective sections shall be considered.
